## CENSUS BULLETIN.

The Increase and Decrease of Population.

## STARTLING DISCLOSURES.

A Number of Counties Show an Actual Decrease in Population—Masonic Ceremonies Over the Remains of the Late General Pike—Arranging the President's Trip—Other Washington News.

WASHINGTON, April 10.—Superintendent Porter, of the census bureau, has issued a very interesting and valuable bulletin which shows by a statistical atlas the increase and decrease of population of the United States from 1880 to 1890. This atlas, by a series of maps, exhibits to the eye the varying intensity of settlement over the area of the country, the distribution of the foreign population among the several states and territories and the distribution of population in accordance with maximum and minimum temperature, rainfall and altitude.

The map shows that in a very large number of counties the population has actually decreased. The number of counties decreased in population during the past ten years is 455. In about fifty cases the reduction is due to reduction of territory. In 148 counties the number of inhabitants diminished during the decade preceding 1890. The losses during the past decade occurred mainly in the central parts of Maine, New Hampshire, Vermont, New York, northern New Jersey and eastern Virginia, and is scattered quite generally through Ohio, Indiana, Illinois, Tennessee and Kentucky. Southern Michigan, and Wisconsin have also suffered, while in eastern Iowa a large proportion of the counties have lost population. Much other valuable information is contained in a study of the map which is the first ever issued by any census.

## A Solemn Service.

WASHINGTON, April 10.—Last night at midnight the Masonic ceremonies over the remains of Gen. Albert Pike were held in the First Congregational church with all the solemnity that must mark such an occasion. At about 10:00 members of Albert Pike's consistory conveyed the body from the Scottish Rite cathedral, where it was lying in state, to the church. Masons occupied the entire floor of the auditorium, and the public could only get into the galleries. Seats had been reserved for members of the family of the deceased and their immediate friends. The church was not draped. A temporary platform had been erected, such as was used when an orchestra performed in the church, and on this were the principal participants in the service of the Knights Kadosh.

## Arranging for the President's Tour.

WASHINGTON, April 10.—Mr. George W. Boyd, assistant general passenger agent of the Pennsylvania railroad, who will have charge of the special train conveying the presidential party on its tour south and west, was at the White House yesterday arranging the details of the trip. The railroad schedule and the exact space of time to be spent in each of the cities to be visited will be publicly announced as soon as definitely determined. It is practically settled that the party will start from Washington Tuesday morning, and that Mrs. Harrison and several other ladies will accompany it.

## Prominent Physician Dead.

WASHINGTON, April 10.—Dr. J. O. Stanton, a prominent physician of this city, died at his home here at 5:30 yesterday evening of pneumonia. Dr. Stanton, although suffering from a cold for several days past, was out attending to his patients Wednesday afternoon. He went home and to bed about 7 o'clock that evening, and although attended by half a dozen physicians, succumbed to the dreaded disease within twenty-four hours.

## Mexican Representative to the Fair.

WASHINGTON, April 10.—The Mexican government has appointed Don Leonardo Fernandez, the delegate from that republic to the intercontinental railway conference, as a special commissioner to visit Chicago and select a site in the world's fair grounds in Jackson park for the location of the Mexican buildings, which will be very extensive and ornate.

## General Spinoza's Condition.

WASHINGTON, April 10.—Gen. Spinoza's condition has changed but little since yesterday. He is very low, but it is thought he will live possibly several days longer.

## O'Malley Answers to Indictments.

NEW ORLEANS, April 10.—Dominick C. O'Malley was arraigned in court yesterday on the three indictments against him for perjury, conspiracy to induce perjury, and being accessory to the attempted bribery of a tales juror. He pleaded not guilty to each of the charges and was released on \$3,000 bail. Thomas McCrystal and John Cooney, both of whom were alleged to have been in O'Malley's employ, and who are under indictments for attempting to bribe tales jurors in the Hennessy case, were arraigned on the charges yesterday. They pleaded not guilty, and were sent to jail in default of bail.

## Plastic Works Burned.

PATERSON, N. J., April 10.—The Riverside plastic works were burned to the ground yesterday. The company carried an insurance of \$15,000, but President A. Lee says this will not cover one-quarter of the loss.

## A Mother's Crime.

HERMAN, Neb., April 10.—While insane this morning Mrs. Andrew Doll killed her two children and then committed suicide by swallowing a quantity of concentrated lye.

## ESCAPED FROM JAIL.

Seven Prisoners Prefer Liberty to a Prison Cell.

RUSSELLVILLE, Ky., April 10.—A daring and successfully carried out escape from the county jail was made here Wednesday evening at 9:30 o'clock. There were twelve prisoners in all confined in the jail. They were allowed the liberty of the corridors during the day, and were locked in cells at night. Wednesday evening, when the jailer went in to put them in cells, he found seven of the prisoners absent. They cut the bars of one of the windows during the day, and as soon as it was dark they leaped to the ground, a distance of two feet.

The men who escaped are Jeff Porter, white, who was under indictment for the assassination of George W. Cain, a wealthy farmer; Henry Gill, left Townsend and Simon Walton, colored, who killed a negro at Fairview over a game of craps a few weeks ago; Bill Husky, a negro house-breaker; Buck Baker, white, charged with shooting into a train, and Ed. Morton, negro, for stealing. The sheriff and a large posse are scouring the country for them.

## Proposed Coal Combine.

NEW YORK, April 10.—A proposition is under consideration for the consolidation of the Hocking Coal and Iron company and the Ohio and Western Coal company. It is proposed to capitalize the consolidated company for \$9,400,000. The former company has earned and paid dividends, while the latter company, on the contrary, has been in the hands of a receiver for years. There is a good deal of dissatisfaction on the part of some of the stockholders of the Hocking company, who will doubtless organize a strong opposition to the consolidation plan.

## Hard Times in Australia.

NEW YORK, April 10.—A letter from Melbourne, Australia, says that the condition of the labor market in Australian colonies is deplorable. They are inundated with shop assistants, clerks and unskilled labor, as well as with skilled mechanics, thousands of whom are utterly unable to find employment. The influx commenced in the fall and matters are weekly becoming worse. Thousands of strong, able-bodied men are forced to depend upon public charity. There is very little probability of any improvement for fully twelve months to come.

## Accident in a Railroad Yard.

BRIDGEPORT, Conn., April 10.—A freight train on the Housatonic railroad while being backed down into the yard took the wrong track and crashed into some empty passenger coaches. The empty coaches were driven through the board fence into Cold street and striking the brick tank house of the Consolidated road, seriously damaged it. A woman, whose name is unknown, crossing the street at the time, was knocked down and instantly killed.

## Mangled Body Found.

ST. LOUIS, April 10.—The cut, mangled and mutilated body of an almost naked woman was found in the Mississippi river at the foot of Filmore street, Carondelet, yesterday. The remains presented a horrible sight. Both legs had been cut off below the knees. Besides this the body had been almost disemboweled, having been cut entirely in two above the waist. Upon the trunk and legs parts of the underclothing still remained.

## Brothers Suicide.

LANCASTER, Pa., April 10.—Harry Kaufman died last night quite suddenly. His symptoms previous to his death were similar to those of a person who had taken arsenic. He informed his father that his brother Milton and himself had taken poison with a view of dying together. Milton died about ten days ago after exhibiting the same symptoms as those of Harry. No cause is assigned for the act of the boys.

## Tired of Life at Fifty.

MARTINSVILLE, Ind., April 10.—Mrs. Adeline Oliver, aged 50 years, living five miles west of here, hanged herself last evening in a smoke-house, using a handkerchief and two feet of rope. There was no one at home at the time except Miss Josie Phain, a granddaughter, who had given premature birth yesterday morning. It is supposed the thought of this disgrace crazed Mrs. Oliver and caused her to take her life. The child was buried by the old lady before hanging herself, and no one knows its whereabouts. There is much excitement in the vicinity over the affair.

## Railroadman Fatally Injured.

FINDLAY, O., April 10.—Yesterday morning an employe of the Findlay, Fort Wayne and Western gravel train, named George Manning, attempted to jump off at Gilboa, when the train passed that station. He did not get his footing and fell back, striking on the back of one of the cars, and was thrown a distance of twenty feet or more, sustaining injuries of a fatal character. Manning's home is in Fort Wayne.

## Searching for Damaging Evidence.

SPRINGFIELD, O., April 10.—A spectroscopic examination of the \$10 bill given by Dick Francis, the alleged murderer of William Hambricht, to Grocer Muncy, is to be made in Cincinnati. If the small stain on the bill proves to be blood it will doubtless convict Francis, as it will make the circumstantial evidence doubly strong.

HANCOCK, Mich., April 10.—Fire broke out in the Pewabic copper mine early yesterday morning and is still burning. Work has been suspended in the threatened mine and also at the Franklin and Quincy mines, which are connected with it. No estimate of the probable loss can be made at present, but nothing serious is expected. The fire causes great excitement among the miners. The Quincy Mining company recently purchased the Pewabic mine for \$110,000.

## REPORTS NOT TRUE.

Condition of the Negroes in Oklahoma.

## NOT PAUPERS BY ANY MEANS.

Some of Them Have Bank Accounts, But the New Arrivals Are Almost Destitute. Not Enough Land Thrown Open to Accommodate the Emigrants.

NEW YORK, April 10.—Is Oklahoma really overrun with negroes, and has there been an influx of pauper negroes from the south, writes a Topeka, Kan., correspondent of the Times, and then continues:

So many conflicting answers have been given in response to these two questions that it was impossible to arrive at the truth. The census-taker there last summer was of no use in aiding one to arrive at conclusions, for, while Gutrie enumerated, so it is said, the horses, dogs and chickens, as well as the regular population, Oklahoma and Kingfisher failed to count the men, women and children, while Edmund, El Reno and Lincoln are still in doubt as to what and who were counted, and Langston was not in existence.

## The Territory Visited.

In order to determine the truth, The Times representative determined to visit the territory and see what was to be seen, and to learn from interested persons as much of the truth as they could be prevailed upon to surrender. Those who have never attempted to draw the truth from an Oklahoma can hardly realize the difficulties that are presented. The territory was born in falsehood, and falsehood has been the principal article of diet ever since that fatal day of April, 1889, when the "Sooners" became the leading citizens of a country opened up to settlement too late in the year for the planting of crops, and to which the poverty-stricken were invited by speculators and impecunious lawyers.

## Can Only Be Estimated.

Guthrie, being the headquarters of the Afro-American Colonization company, has naturally been the objective point of the negroes who have been induced to migrate to Oklahoma. It is impossible to ascertain how many of the black race have arrived in that city, the estimates varying so largely. Those who are opposed to negro settlement declare positively that there are not fifty in the city. Those who favor the movement insist that there are more than 2,000 in and about the capital. The latter is probably more nearly the correct figure, as an inspection of the city revealed many black faces, and an examination of many of the little houses in the suburbs showed a number of colored families comfortably situated.

## Not All Paupers.

That these negroes are not all paupers is shown by their bank deposits, where they have sums ranging from \$5.00 to \$1,000. In one bank alone sums aggregating over \$15,000 have been deposited by the negro settlers. Many have gone to that territory with nothing except the rags they wore, but they have never become public charges. They have been cared for by persons of their own race until they were in such condition that they could help themselves and help others.

At this time there are eight families crowded into an old over one year is "cold" in that country) store room, which aggregates forty-five people. Until they sit day after day, waiting until they can be scattered and settled temporarily upon some of their race's claims. They have their rugs and their bundles of household goods, and probably \$50 would prove a bonanza to the entire outfit. They are led by their more fortunate brothers, and some day they will be kept alive until summer, when they will show that they are self-sustaining, for they will work and exist upon most nothing.

## Negroes Don't Complain.

Humiliating as the confessions must be and is, the appeals for aid coming from Oklahoma do not come from the negroes but from the whites. They emphasize the workings of the co-operative plan, as on claims may be found two, four and sometimes eight families, all working together and often living together, awaiting the time when more lands will be opened for settlement, when the surplus expect to find claims for themselves.

## THE COKERS' STRIKE.

Special Meeting of the Strikers Will Take Action on the Trouble.

MT. PLEASANT, Pa., April 10.—Seven of the eighty men at work at Morewood quit yesterday.

Eviction notices were served on fourteen strikers to vacate the company's houses inside of ten days. The officials say these parties served with eviction notices keep many men from going to work.

The coroner inquest on the Morewood killing was continued yesterday. The testimony was similar to that taken last week.

The special meeting of the strikers, organized and unorganized, at Scottsdale, will probably decide the continuance or abandonment of the strike.

## Not a Candidate.

OMAHA, April 10.—Secretary Proctor and party arrived here yesterday evening. The secretary, when asked about the rumors that he was a candidate for the senatorship made vacant by the resignation of Edmunds, replied: "I am not a candidate; all this gossip about me in that connection is without my knowledge." The secretary further said he should proceed at once to Washington.

## Driven to Suicide by La Grippe.

OMAHA, April 10.—David C. Kimball, city passenger agent of the Chicago and Northwestern railroad since 1875, committed suicide by shooting while suffering from la grippe.

## THE DEAD SHOWMAN.

Arrangements All Complete for the Funeral of P. T. Barnum.

BRIDGEPORT, Conn., April 10.—The funeral of P. T. Barnum, in accordance with his expressed wishes, will be most tasteful. At 1 o'clock to-day services will be held in the house and be strictly private. Rev. L. B. Fisher, of the Universalist church of this city and Rev. Dr. Colyer, of New York, will officiate at the final services in the South Congregational church at 2 o'clock.

It was Mr. Barnum's request that Dr. Colyer should speak upon the text "Not my will but Thine be done," and that two hymns which he selected just prior to his death should be sung. The pallbearers will be selected from Bridgeport's most prominent citizens, and a large number of New York people will attend the services at the church. The remains will be placed in a vault in Mountain Grove cemetery.

## Governor Fowle's Funeral.

RALEIGH, N. C., April 10.—The funeral of Governor Fowle, which took place here at 4:30 yesterday afternoon, brought together thousands of people from many sections of the state. Business was suspended, the public schools and municipal offices were closed, and everywhere mourning emblems were visible that betokened deep grief and sorrow for the death of a beloved public official. Delegations of leading citizens from almost every city and town in the state, and militia organizations from many places, were in attendance; and with the thousands of citizens made up an immense procession that followed the remains of the late governor to his grave.

## MINERS' TROUBLES.

A Strike to Take Place May 1 Affecting Half a Million People.

PITTSBURGH, April 10.—After an all day session of the conference, between the mine operators and miners, without reaching any agreement that body adjourned. The miners and operators immediately held separate meetings.

The operators talked over the situation and agreed to fight on May 1, and fight hard. They will likely hold another meeting shortly.

At the miners' meeting the following resolution was adopted:

"That the miners of the competitive field demand an advance for pick mining equivalent to an advance of ten cents per ton in the Hocking field on the basis of an eight-hour day, and that no place resume operations until all have received the advance, or until advised to resume by the National executive board."

A meeting of the executive board of the United Mine Workers of America was held last night. It was decided to order out the men at Chester, O., and in Tioga, Pa., and fight the operators in those places. The grievances are local.

The operators also held a meeting last night and decided to communicate with the western operators to make preparations for the fight next May.

Col. W. P. Reid said last night: "It is with extreme sorrow I see the agreement shattered. There will undoubtedly be a strike on May 1. There will be 500,000 persons affected by it, and the big industries of the country will be prostrated."

## RIOT AT A FIRE.

Twenty Men Injured, Two or Three Probably Fatally.

WILKESBARRE, Pa., April 10.—At Kingston, just across the river from this city a serious riot occurred yesterday. The local fire brigade were extinguishing a fire when a man from the adjoining village of Edwarsville, named Duffy, forced his way inside the lines. The firemen promptly turned the hose on him. This made several of the Edwarsville men in the crowd angry and they attacked the firemen.

The firemen were soon reinforced by the police of the town and the citizens of Kingston, and the Edwarsville men were joined by a number of men from their town. Clubs, sticks, stones and other weapons were freely used, and many broken heads resulted. When the Edwarsville citizens finally retreated, it was found that no less than twenty men were seriously hurt, and it is feared that two or three of these may die of their injuries. Duffy, who caused the row, is in jail.

## Mormons of the Old Faith.

CLEVELAND, April 10.—The announcement was made yesterday at the annual conference of Latter Day Saints that Apostle Joseph Luff, and possibly another, together with other missionaries, will, in all probability, be sent to work upon the Utah Mormons to persuade them to return to their original faith which is held by the reorganized church. Apostle Luff says, also, that polygamy is conducive to immorality and vice, but there are many Mormons in Utah who despise polygamy. Elder Hilliard delivered an eloquent sermon on "Tithing," saying that by this method the poor man has a claim upon the blessing of the Lord just as much as the rich. In the New Testament there are references to the law of tithing, notwithstanding that it may be thought that tithes were abolished when Christ's dispensation began.

## G. A. R. Encampment.

INDIANAPOLIS, April 10.—The Indiana encampment of the Grand Army met in annual session yesterday. Commander Stormont presiding. In his annual address he reviewed the work of the past year and referred to the fact that the organization had no doubt reached the maximum of its membership. Col. Walker, assistant adjutant general, reported that the number of posts in the state is 508; total membership, 25,165; amount expended during the year for relief, \$5,166. The charges of Dr. Weyth regarding the treatment of prisoners at Camp Morton were denounced as false, and a committee of five was appointed to investigate and report on the matter. The annual camp fire was held last night.

# EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,  
Proprietors.

FRIDAY, APRIL 10, 1891.

ONLY two of the first class cities of Kansas were carried by the Republicans this week.

The Democrats of Denver did splendid work this week. They elected a Mayor for the first time in the history of that city.

The Democrats won magnificent victories in the municipal contests this week wherever they were united and harmonious. "United we stand, divided we fall."

CARTER HARRISON announces that he will "leave Chicago for good." Pity he didn't leave the Windy City before the late election. It would have been for the good of the Democratic party had he done so.

HON. JOHN W. YEKES, of Danville, one of the most brilliant young Republicans of Kentucky, was mentioned a few days ago as a probable candidate for Governor, but he has since stated in emphatic terms that he will under no circumstances permit his name to go before the Republican convention as a candidate for any office. He has no desire to enter politics. There is considerable warring in the Republican ranks just at present, but if Colonel Bradley wants the nomination he will undoubtedly get it.

SEVERAL of the streets of Louisville are to be reconstructed and paved with vitrified brick. The Commercial says: "The material to be used will cost \$18 per square, compared with the cost of asphalt, which costs \$38 per square, macadam \$13, granite \$32 and limestone \$20. The vitrified brick will stand a pressure of 49,765 pounds to the two-inch cube, which will be amply sufficient to withstand all pressure to be brought upon it in ordinary use."

The use of brick for street paving is becoming more general every year.

MR. CLAY and Dr. Clardy, the two farmer candidates for Governor, are the only ones who have, up to this time, indulged in any personalities. Dr. Clardy, in a speech at Owensboro, referred to Mr. Clay as "a gold bug from the Bluegrass, a millionaire farmer and landowner, who aspires to represent the farming class," and said that in the Legislature "he had fought and voted against the repeal of the 10 per cent. interest law."

And Mr. Clay is demonstrating that he is fully competent and able to take care of himself in a tilt with Dr. Clardy. In the mean time Colonel John Young Brown and General Hardin are shaking hands with the voters, talking sound Democracy and making as many friends as possible.

## Pay the Fiddler.

The Billion Dollar Congress spent of the people's money one-sixth the total cost of the civil war, as estimated by John Sherman.

One-sixteenth the total assessed value of all the taxable property in the United States in 1880.

More than the war indemnity paid by France to Germany, and more than the present national bonded debt.

Double the total estimated true valuation of all property of every kind in eighteen States.

Three times the estimated value of all property in ten States.

Four times the total wealth of seven States.

Fifteen times the total wealth of Nevada.

Every cent of this must be raised by taxation. It means \$16 per head and \$96 per family that must be paid.

Having danced to the Republican tune, the people must pay the Republican fiddler.—New York World.

## Another Lesson from the Sugar Duty.

After the public has learned from the sugar lesson that the tariff is a tax paid by the consumer, it may occur to it that it will adjust that tax so as to make it as light as possible. Almost the entire sugar tax went to the Government; it was a tax for public uses. That is why Mr. McKinley, legislating against the public and in favor of private interests, threw it overboard. On the same principle he changed the tin-plate tax so that instead of yielding the Government \$5,000,000 and private parties nothing it should yield the Government nothing and private parties \$10,000,000 or \$15,000,000. So with the taxes on glass, and clothing, and a hundred other things, which are divided between the Government and American manufacturers, the latter getting the larger part. Mr. McKinley arranged the matter so that the Government should get less and the private parties get more. After the people have found out that "the tariff is a tax" they will insist on being taxed only for the benefit of the Government.—National Democrat.

## Will Wheat Go Higher?

The San Francisco Post has been interviewing the leading grain merchants of that State, and says: "Everything indicates that the price of wheat will be higher this year than last. Six weeks ago prices commenced to go up gradually, and now wheat is \$1.55 to 60 cents per cental. Our exporters are selling cargoes for August, September, October, November and December at the rate of \$1.50 or more, here. The season's options are quoted at \$1.56 until June, and year 1891 options are quoted at \$1.57 to \$1.58. These options are the best indications of the prices which will prevail during and after harvest, and the next harvest will bring \$1.50 or more per cental.

"The acreage of wheat this year in California is very large, perhaps larger than ever before. Every part of the State is all right except the San Joaquin valley. There the rainfall has not been sufficient to give growers any margin. If, however, during this month they should get two or three inches more rain, it will give the growers of the valley the largest crop, perhaps, they ever had."

## Church Extension.

The report of the Secretaries of the M. E. Church, South's, Board of Extension shows that the entire receipts during the year for church extension purposes were \$72,917.85. Of this amount, \$29,924.72 was received from assessments; \$3,793.17 from donations, and \$153.68 from the sale of tracts, plans, &c. There was paid in the year before just \$71,122.05, which shows an increase last year of \$1,795.80 over the receipts of the year before.

During the year the General Conference Boards helped 387 churches, paying them \$82,729.42. During the year before the same boards helped 364 churches, paying them \$84,549.32. This shows an increase of twenty-three churches helped last year more than were helped the year before, but a decrease in the total of payments of just \$1,819.90.

## The Railways.

W. H. Anderson, Chief Train Dispatcher of the L. and N., was in town yesterday.

Mr. H. C. Bowden, Assistant Superintendent of the C. and O., was in town yesterday on business connected with the road.

Geo. W. Book, of Vanceburg, has brought suit against the C. & O. for \$10,000. Book, who is deaf and dumb, was struck by a train last August, knocked off the track, and considerably injured.

G. W. Stevens, General Superintendent of the C. and O., and Harry Frazer, Superintendent of the Cincinnati and Huntington Divisions, passed through here yesterday on a tour of inspection.

## Stock and Crop.

There are 5,000 cattle being slopped at the Davies County distilleries, and the Messenger says their owners will make big money.

A farmer in Owen County is putting out an orchard of 10,000 peach trees, 2,000 Whitney crab apples and 250 quince trees. It is known as a contract orchard, the Albright Nursery & Orchard Co., of Tadmire, O., doing the work. The company agrees to take the fruit at the highest market price, and bring the evaporators right to the orchard and work up the fruit. But arrangements are also perfected to put up a permanent evaporator and canning factory, at which vegetables of all kinds will be canned.

## River News.

The Hudson and Sherley are due down this evening and the Bonanza will pass down late to-night. Due up: Telegraph for Pomeroy and Andes for Pittsburgh after 12 o'clock to-night.

The Louis A. Sherley will soon be sent to the "bone yard." She will be dismantled and part of her machinery will be placed in the new boat to be built by Knox & Son to take her place.

The H. M. Hoxie, with six big barges of grain, last trip, went from Cairo to New Orleans in four days and one hour. This is a remarkable run, and is the quickest ever made by any boat with a tow, says the Courier-Journal.

## Here and There.

Miss Bessie Worthington, of Mayslick, is visiting the Misses Wheeler, of West Fourth street.

Mrs. H. B. Taylor, of Falmouth, arrived yesterday on a visit to friends and relatives in this city and county.

Mr. James C. Newcomb, editor of the Bee and postmaster of Ripley, was here yesterday on a visit to Mr. W. B. Mathews.

Mr. Will Byrne, of Cincinnati, is spending a few days here with his mother and uncle, Mrs. Bettie Byrne and Mr. W. S. Frank.

## To the Ladies.

Miss Niland announces her annual spring and summer opening for Tuesday, April 14th. She wishes to inform her patrons and the public generally that her stock, which has always been of a superior style, far surpasses anything she has ever yet displayed.

## Reception at the Public Library.

The ladies of the Public Library Association will hold a reception this evening from 8 to 10 o'clock, at the Public Library on Sutton street. The Maysville Orchestra will furnish music for the occasion. The citizens of Maysville and also of the county are cordially invited. The young ladies and men who took part in the carnival are invited to assist the members of the association at the reception. No refreshments.

## A Freak of Nature.

A mare owned by Mr. Martin Wall, who lives on the Fleming pike, foaled a five-footed colt a few days ago. The left fore leg was double from the knee down, there being two distinct hoofs.

The colt had to be killed. Dr. Paris Wheeler has the double foot and will skeletonize it and place it among the Historical Society's curiosities.

## Plans For the New Amphitheater.

The plans and specifications for the new amphitheater at the Maysville Fair Grounds can now be seen at the office of the Treasurer, Mr. J. L. Browning, at Frazer & Browning's office. Owing to the delay in receiving the plans the contract will not be let until April 25th, at noon.

## Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

THE Farmers' Alliance lodge at Tuckahoe has elected the following officers: President—Patrick Slattery. Vice President—W. H. Mackoy. Secretary—John Bacon. Assistant Secretary—W. G. Curtis. Treasurer—Dan Osborne. Chaplain—George Graybill. Steward—John Osborne. Lecturer—Mat. Huggerty. Doorkeeper—Thomas Alkman. Assistant Doorkeeper—Mamie Thomas.

The regular April term of the County Court will be held next Monday.

## OUR NEIGHBORS.

### SARAH.

The writer spent a delightful Easter Sunday with Mr. John Collins and family. Since the death of the venerable Abel Rees, Mr. Collins outtricks all his neighbors in age, and by common consent takes the position of outside sentinel in the camp of life. He was born in 1813, and has been a Democrat "without variableness or shadow of turning" since he became a voter. He has been a subscriber to every Democratic newspaper published in Maysville since '35, commencing with the Monitor running through its successors, the Express, Pike's Flag and Weekly Bulletin. He is a close reader and remembers many items that escape the eye of the casual newspaper skimmer. He is active as a man of forty, works every day, has a fine orchard and a good farm, and his wife spreads as good a dinner as ever regaled the appetite of man. The fiftieth anniversary of their married life is almost in sight, and we hope to witness the celebration of their golden wedding. Four sons and four daughters and blue grandchildren represent their descendants.

The Desha Valley correspondent is in receipt of a Marcella Neil. A bud not a flower torn in its beauty from its parent spray—from one of his newspaper brides of the last decade. Its bright golden hue and grateful fragrance is quite suggestive of the sweetest tribulation of the newspaper skinner. He accepts this bud as a type of her forthcoming photograph. If any of his brides of twenty years ago who have snow on their heads (the days and months pace over us like restless little birds and leave the mark of their feet backwards and forwards) hesitate on that account to send their pictures for the souvenir album, he assures them that they will be as highly prized now as were the real girls when they met them wreathed in roses and mantled in blushes: "And their bonnie brows were brent."

### HELENA.

Willie Keith is visiting in Lexington. Robt. Cord was in Nicholas County Wednesday. Dr. Dougherty returned from Middlesborough Wednesday.

Robert Wood, the K. C.'s assistant agent, is on the sick list.

His many friends will be glad to know that Mr. Griffin is improving.

The union of Collins & Son is now in progress. Things selling well.

The Misses Mylin, of Mayslick, were the guests of James Walker and family the past week.

Squire Wm. Lantrell and H. F. Cord attended the Alliance meeting in Maysville last week.

Dan Mitchell has some of the best horses in Kentucky, and you can rely on what he tells you about any of them.

Thomas Williams, of Cincinnati, was the guest of S. A. Hord's family Tuesday night. While here he attended a social at Mrs. Ab Hord's.

## Chamberlain's Cough Remedy the Best of All.

LATROBE, PA., Jan. 27, 1891.

Messrs. Chamberlain & Co., Des Moines, Iowa, Gentlemen: You have helped me considerably with a good medicine and splendid advertising. Chamberlain's Cough Remedy is the most popular cough medicine I handle.

Mrs. Griffith, wife of Supt. of the Latrobe steel works, always has your Cough Remedy in her house. I persuaded her to try it months ago; yesterday sold her the fourth bottle.

Samuel Osborne, a prominent contractor, tells me: "John MacMillan, you can't say too much for Chamberlain's Cough Remedy. Say all you can and I will put my name to it."

"Mr. MacMillan you remember asking me to try, just to try, a bottle of Chamberlain's Cough Remedy for that terrible cough which I carried for months. Well! That cough is gone. Oh! My name is Miss Weiss."

Mr. Jos. Barnett, our bank cashier, had a tickling in his throat for four or five nights: "Mac, one dose only of Chamberlain's Cough Remedy and I slept until morning."

Gentlemen, these are samples of hundreds that I know.

Think of the vast number of cough syrups sold. Chamberlain's Cough Remedy excels them all. Sincerely yours,

JNO. C. MACMILLAN,  
Proprietor of the Corner Drug Store.

### THE PRESBYTERY.

It Was Duly Constituted Last Evening—Rev. W. N. Mebane, of Vanceburg, Chosen Moderator.

The Presbytery of Ebenezer convened at the Central Presbyterian Church last evening at 7:30 o'clock.

Rev. W. H. Neel, of Covington, the retiring Moderator, delivered a learned discourse, after which the Presbytery was duly constituted with prayer.

Rev. J. B. Devault, of Clintonville, and Rev. W. N. Mebane, of Vanceburg, were placed in nomination for Moderator. The vote resulted in the election of Mr. Mebane.

A call of the roll showed the following ministers and elders present: Rev. H. M. Scudder, of Carlisle; Rev. W. H. Neel, of Covington; Rev. J. B. Devault, of Clintonville; Rev. W. T. Spears, of Washington; Rev. W. O. Cochran, of Millersburg; Rev. W. N. Mebane, of Vanceburg; Rev. J. E. Mebane, of Mayslick; Rev. B. W. Mebane, of Maysville; Rev. E. W. Bedinger, D. D., of Anchorage; Rev. S. D. Boggs, Catlettsburg; Rev. Mr. Luther, of Cincinnati; Mr. Withers, elder from Clintonville; Mr. Butler, of Millersburg; Capt. Heiner, of Vanceburg; Mr. B. M. Byar, of Sharon; Mr. T. J. Glenn, of Carlisle; Mr. Campbell, of Elizaville, and Mr. G. W. Blatterman, of Maysville. Other members will arrive to-day.

It was decided that the hours of meeting should be from 9 a. m. to 12, and then reassemble at 2 p. m. and adjourn at the will of the Presbytery.

At 7:30 this evening a meeting will be held in the interests of foreign missions. Several of the ministers will deliver addresses. A cordial invitation is extended the public to attend.

THE Rev. W. J. E. Cox, of Maysville, has written an admirable catechism setting forth the doctrines held by Baptists. The Book Concern is publishing the catechism for him. We hope it will have a wide circulation.—Western Recorder.

MISS MILDRED MAES, who will assist Miss Lelia Wheeler in a concert at the opera house next Wednesday evening, has for years been one of the best pupils of the Conservatory of Music at Cincinnati. The Enquirer says she plays with a degree of vigor surprising in one so young, and will undoubtedly enjoy a great artistic future.

C. B. LEWIS, (M. Quad) late of the Detroit Free Press, has accepted a position on the New York World at a salary of \$15,000 a year. Mr. Lewis was a passenger on the ill-fated steamer Magnolia, which exploded both of her boilers, on March 18th, 1868, just above Cincinnati. He was en route to this city at that time to accept the position of editor of the BULLETIN at a salary of \$15 per week.

THE Newport correspondent of the Enquirer says: "Bishop Maes has once more set his foot down on dancing, and in the future he will not permit any promenade concerts to be given for the benefit of any Catholic institution. Several ladies arranged a promenade concert for the benefit of the new school house and sold over \$200 worth of tickets. The Bishop learned of it and promptly set his foot down on it. Now Mrs. Mariana is kept busy returning money to those she received it from. The Bishop pointed out more than one evil that had resulted from public dances, and decided that it was not the proper way to raise church revenue."

### THE SOUTHERN FUEL COMPANY.

Officers Elected, and Work on the Buildings Now In Progress.

The Southern Fuel Company of this city has adopted articles of incorporation and organized by electing Dr. J. M. Frazee, Thomas Wells, Garrett S. Wall, Frank S. Owens, Thos. A. Keith, Thos. R. Phister and W. H. Harris, as directors.

The following officers were elected: President—Dr. J. M. Frazee. Vice President—Garrett S. Wall. Secretary and Treasurer—W. W. Ball. Manager—W. H. Harris.

The company is capitalized at \$20,000, with a right to increase it to \$200,000. There have been 1,757 shares subscribed at \$10 a share—\$17,570—leaving only 243 shares, or \$2,430 yet to be taken.

The machinery is being bought and work will begin at once erecting a building on a lot just below the city on the old "slaughter house" grounds. The location of the building is just west of Beasley's Branch and south of the C. & O.'s tracks.

The company expects to have the building completed within the next sixty days, so that a test of the fuel can be made.

MR. CHARLES C. STEPHENS and Miss Emma L. Willett, of the East End, were married at Aberdeen December 23, 1890. The matter was kept a secret until yesterday.

The Million-Kendall Company of Flemingsburg has contracted with Chapin & Wittroch of Cincinnati to handle their brands of plug tobacco in Ohio and Indiana.

GOVERNOR BUCKNER has issued his proclamation for an election to be held Monday August 3, for Clerk of the Court of Appeals to succeed W. W. Longmoor, deceased.

THE Flemingsburg and Poplar Plains Turnpike Company, at its last meeting, declared a dividend of 6 per cent. The Flemingsburg and Mt. Carmel Turnpike Company declared a 4 per cent. dividend.

THE "Hathaway" fence wire is the most complete thing of the kind ever made. Can be used for fencing, gates, summer houses, arbors, trailing vines, &c. Frank Owens Hardware Company, agents.

A CALLED meeting of Maysville Commandery No. 10 will be held this evening at 7 o'clock for the conference of the orders of Knights Templar. A full attendance is requested.

R. L. BROWNING, E. C. A. H. THOMPSON, Recorder.

THE Constitutional Convention allowed the Secretary, Assistant Secretary and hard-worked Reading Clerk \$10 a day each. The Sergeant-at-Arms and door-keeper were allowed \$8 and the Assistant Sergeant \$6 a day. The pages were allowed \$3 a day. The Librarian and her assistants were given a richly earned recognition of their accommodation and courtesy to the delegates.

SAYS the Flemingsburg Times-Democrat: "The Amazon engine has been shipped back to Maysville. There are several engine propositions before our City Fathers, but we do not know what will be done."

Captain Heflin says the trouble with the people at Flemingsburg is that they want an engine for about \$150 that will throw water like the Maysville water works.

A PRIEST in the office of the Coopers-town (N. Y.) Republican office is seventy years old and has set type at one window in the same building, continuously for fifty years. He has never been absent from the office over two weeks at any time. In February, 1859, he set up three marriage notices in the Republican, and in February, 1889, he put in type the notices of the golden weddings of the same parties, in the same office.—Exchange.

### Concert.

MISS Lelia Wheeler, one of Maysville's sweetest singers, will give a concert at the opera house next Wednesday night. She will be assisted by Misses Verity and Marsh, vocalists, and by Miss Rodgers, a fine elocutionist. Misses Wheeler, Verity and Marsh are all pupils of the Conservatory of Music, and the Cincinnati papers compliment their singing very highly. The entertainment promises to be a thoroughly enjoyable one. Admission, 25, 35 50 cents.

### Big Damages.

AT Frankfort yesterday Judge Montfort decided the case of E. H. Taylor, Jr., & Sons versus George T. Stagg Company, in favor of Taylor & Sons, perpetually enjoining the Stagg Company from using name and brand of E. H. Taylor, Jr., and awarding damages for \$50,000 and profits on 22,000 barrels of whisky sold under said brand. The Stagg Company own O. F. C. and Carlisle distilleries, which were sold by E. H. Taylor, Jr., who denied that he transferred use of his name and brand.

## BLACK HOSIERY

In the last few years Black Hosiery has become a household necessity. The buying of it is an important item to man, woman or child, and especially so to the wife and mother, upon whom falls the almost ceaseless task, darning. Naturally they all want to be satisfied upon three important points, namely: Are the goods durable? Are they perfectly stainless? Are they absolutely fast in color? We answer these questions with our **Ethiopian Dye Black Hosiery**. We guarantee every pair from 25c. up as absolutely fast and stainless, or money refunded.

## RUSSIA'S INTENTION

Italy Must Not Interfere With Her Expedition,

OR WAR WILL BE DECLARED.

Emperor Menelek Recognized as the Independent Sovereign of Abyssinia—European Jealousy Aroused—German Steamship Seized by the Chilian Government—Other News From Abroad.

LONDON, April 10.—A St. Petersburg dispatch says that Russia will consider as an act of war any interference by Italy with the Russian expedition starting in three or four days for Abyssinia. Russia regards the Emperor Menelek as the independent sovereign of an independent nation, and will tolerate no obstruction in dealing directly with him. The expedition is under the command of Lieut. Mashkoff, a very determined man, of approved courage and powerful physique. He is 33 years of age, and has served two years in the army of the Caucasus. The second in command is a monk named Tikhon.

The expedition expects to be about two months on the journey to the headquarters of Menelek at Antogo. A substantial habitation will be erected there for use during the rainy season, and excursions will be made in various directions to gather scientific facts, and make inquiries as to the condition and history of the people. The expedition will remain three years in the country, and make an attempt to reach the great lakes from a direction not yet attempted by Europeans. It is this program which excites Europe's jealousy, and it is feared, may lead to underhanded attempts to defeat its object. Lieut. Mashkoff is confident, however, that with the friendship of Menelek, which he has every reason to expect, he will be able to resist any hostile attack.

### German Steamship Seized.

LIVERPOOL, April 10.—It is reported that the German steamship *Romulus* was seized by the Chilian government at Coronel a few days ago. Full particulars have not yet been received, but it is known that the steamer arrived at the port of Pisagua on Jan. 16 for a cargo of nitrate. Pisagua is one of the ports held by the insurgent force, and the government has issued an order prohibiting the entry of vessels into such ports or the shipping of nitrate therefrom. It is presumed that the steamer, after obtaining her cargo, went to Coronel for coal, and was there seized by the government for having violated its orders, and also for the refusal to pay the government duty on the nitrate. Both the government and insurgents exact such a duty, and a vessel caught by either after the payment of the duty to one party is forced to pay a second duty. Germany will doubtless interfere in the matter.

### Another Desperate Battle.

CALCUTTA, April 10.—A dispatch from Simla says that the Manipuris have made another desperate attack upon the weak detachment of Ghoorkas commanded by Lieut. Grant, which recently captured Fort Thabet after a stubborn fight with over ten times their number. The Manipuri advance was vigorously conducted, the natives facing a destructive fire with remarkable courage forcing the assault with the utmost gallantry. The engagement lasted three hours, and concluded with the repulse of the Manipuris. The usurping rajah and two prominent chiefs of the insurgents were killed during the battle. The loss in killed and wounded of the tribesmen was very heavy. Capt. Presgrave has arrived at Fort Thabet with reinforcements and the Manipuris have offered to surrender. More reinforcements are expected.

### Labor Movement in Germany.

BERLIN, April 10.—The workmen's unions throughout Germany are moving to take united action against the introduction of cheap labor from Austria and Russian Poland. There has been no objection to this importation so long as it was confined to the agricultural districts, where there is and has been a dearth of native labor, but now the Poles are beginning to invade the towns and compete with German workmen in the mechanical branches of employment. They work for lower wages than the Germans, and live more cheaply. Fifteen Poles were found in two rooms, in Berlin, living in common on the cheapest food, and sleeping on straw on the floor. They have found work readily at half of the ordinary wages.

### Why They Fought.

CALCUTTA, April 10.—The text of the letter received yesterday from Simla has been published there. In it the Manipuri chief says: The British attacked my palace, massacred my soldiers and their women and children; they threw living women and children into the flames of their burning houses, and desecrated the temples. Therefore I killed the chief commissioner's party, which was composed of Commissioner Quinlan, Col. Skene, Lieut. Simpson, and the civilians Cossins, Crinwood and Melville. Lieut. Grant and Capt. Presgrave, who, it was feared had been killed, are now reported as being alive and safe.

### Member of Parliament Dead.

LONDON, April 10.—The Right Honorable George Augustus Cavendish Bentinck, member of parliament, for Whitehaven, is dead. He was the son of Maj. Gen. Bentinck and was born in London in 1821. He was first elected to parliament from Taunton in 1860. In 1865, he first represented Whitehaven. He was appointed parliamentary secretary of the board of trade in 1874, and in 1875 was admitted to the privy council. He was elected by a small majority as a Conservative from Whitehaven in 1886.

### Bakers' Strike Postponed.

VIENNA, April 10.—The bakers of this city have postponed the date for the inauguration of their strike, but there is little doubt that they will eventually go out, as compliance with their demands by the employers is impossible. The city officials have made arrangements with a number of foreign bakers to supply the city with bread may the necessity arise. It was rumored at a late

hour last night that 3,000 bakers had decided to strike immediately.

### A Monster Trial in Italy.

ROME, April 10.—A monster trial is in progress at Bari, Italy. One hundred and seventy-nine members of the Mala Vita society are accused of various crimes, their trial being in progress at once. The accused occupy two galleries screened by strong iron bars. They are mostly masons, coopers, and of other mechanical occupations. They are young and well dressed but the number includes many well known criminals. Order is preserved by a strong force of police and military. The witnesses for the prosecution number 207 and for the defense 425. The precincts of the court are thronged with soldiers prepared to deal summarily with any outbreak. The trial began last Monday. The majority plead absolute ignorance of the Mala Vita society. A few admit that they wounded certain persons by order of the society, under fear of death. Two of the prisoners revealed the names of several officers of the society, including the president. One described the society as divided into Camorristi, Indioti and Giovanotti. There has been great excitement and almost a riot in court.

### Thwarting Immigrant Agents.

BERLIN, April 10.—The German government has accepted a proposition by Russia to send a joint note asking the governments of Brazil and the Argentine Republic to prohibit the landing of German and Russian immigrants who are unprovided with official permits, and to facilitate the return of emigrants desiring to return to their native country. The objects sought to be accomplished is the thwarting of immigrant agents.

### British Emigration.

LONDON, April 10.—According to statistics just made public 162,413 persons emigrated from the British Isles to the United States in 1890, while only 22,590 persons emigrated from the British Isles to British America in the same year.

### Tried for Murder.

BERNE, April 10.—Castrini, who slew Rossi during the revolution at Ticino, is to be tried for murder, and twenty-one others who took part in the insurrection, are on trial as insurgents, which is the decision of the federal court.

### CHICAGO'S ELECTION RETURNS.

The Official Canvass of the Votes Cast Will Begin To-Day.

CHICAGO, April 10.—The office of the election commissioners was filled with a crowd of interested spectators yesterday afternoon to witness the official canvass of the vote cast in the recent municipal election. Judge Fenderyast, W. C. Asay, and H. O'Brien represented the Democrats and W. T. Underwood, E. R. Bliss and Coroner Hertz the Republicans.

Shortly after 2 o'clock the canvassing board, consisting of County Judge Seales, Commissioners Luke Coyne, W. J. English and J. Healy, took seats, the city attorney, the fifth member being absent through sickness. After a lengthy argument upon the legality of proceeding in the absence of the city attorney, it was finally decided to postpone the canvass until to-day at 2 p. m., when it is hoped the city attorney will be present.

According to Election Commissioner English and Election Clerks Twohig and Beardsly, the situation in regard to the mayoralty election is unchanged from what it was yesterday. Every precinct has been heard from and the official returns are completed and are safe under lock and key in the vault in the election commissioners' office. The unofficial returns have also been received and posted, and the party managers on both sides claim a small plurality. Only the official canvass of the commissioners can decide who is elected.

Chief of Police Marsh, who has the police returns in his possession, said that nothing short of the official canvass could determine whether Mr. Washburne or Mr. Cregier had been elected. The unofficial returns would seem to indicate, as nearly as he could figure them, that Mr. Cregier had the best of the situation by 200 votes. The police returns, he said, were wholly unreliable. Many of them had come in over the telephone, and anyone could see how easily mistakes might occur.

The Republicans still continue to talk of fraud at the polls, and declare they will fight to the bitter end. Lawyer W. T. Underwood, who was quite prominent in the Smith-Harrison contest of 1886, has been engaged by the Republicans and given charge of all cases which point to an infraction of the election law.

### Destructive Fire in Cincinnati.

CINCINNATI, April 10.—The cattle sheds and two feed barns of the Union Stock Yards company, covering nine acres of ground on Spring Grove avenue and Alabama street, were destroyed by fire last night. The animals were gotten out safely. The barns contained 700 tons of hay and 2,000 bushels of corn, all of which was consumed. The firemen were unable to check the spread of the flames, owing to the inadequacy of the water supply. The loss is estimated at \$100,000; insurance not known. The fire is evidently the work of incendiaries. Several firemen were injured in trying to extinguish the flames, but none seriously.

SEYMOUR, Ind., April 10.—Careful examination of a number of orchards in this neighborhood shows that none of the fruit germs have been injured by the recent freezing weather. Altogether the crop outlook here has not been better for twenty-five years.

### Coffin as an Election Bet.

AKRON, O., April 10.—H. P. Hill won a coffin from H. A. Kasson on the election, but Kasson refuses to deliver the coffin until the winner dies, and the case will probably be taken to court.

### Puddlers Strike.

BOONTON, N. J., April 10.—Fifty puddlers employed in the Boonton rolling mill struck yesterday, causing a shut-down of the works and throwing all other employes out of work.

### Scalded to Death.

COLUMBUS, Ind., April 10.—A small child of Policeman Vanorsdale, of this city, fell into a tub of boiling water yesterday and was scalded to death.
